

Invest in us!

In the past few years, the university has invested in some fantastic new facilities to deliver a great student experience...

...a **£60 million** new library...

...a **£55 million** sports centre...

...and a further **£606 million** investment around campus.

...now it's time to invest in staff!

Happy and effective support staff are just as important to the student experience as new facilities.

Yet, support staff have received pay rises below inflation year after year. In real terms, a Programme Administrator is now **£1,800 a year worse off** than in 2010.

The university is in a 'strong financial position', according to Vice-Chancellor David Eastwood. It can afford to give all staff a decent pay rise.

Please support our campaign—sign our postcards and tweet your messages of support using the hashtag **#hellobrum**

STRONGER TOGETHER—To join the university's UNISON branch, visit www.birminghamuniunison.org.uk or contact Lee at l.crutchley@bham.ac.uk

We support students

These are just some of our roles in the university:

- Programme administration
- Student information
- Cleaning
- Exams coordination
- Welfare support
- Catering
- Student fees
- IT support
- Research administration
- Immigration advice
- Student records
- Student finance advice
- Security
- Accommodation services
- Nursery care
- Lab technical support
- International exchanges
- Careers advice
- Estates maintenance
- Website and communications
- Grounds and gardens
- Admissions

“Without the genuine support provided by professional services staff on campus, I would probably have dropped off my course a long time ago”

A 3rd year University of Birmingham student
